

Fund Profile

ACTIAM Duurzaam Euro Obligatiefonds invests in a (diversified) portfolio of euro denominated government bonds and non-government bonds of which at least 90% should have a minimum average credit rating of BBB- and a maximum of 10% might have a lower average credit rating. All debtors and/or (fixed income) securities in the investment universe obtain an ESG score. The ESG score of the portfolio will always exceed the ESG-score of the benchmark. The fund's objective is to at least match the return of the benchmark and at the same time achieve the highest possible ESG score.
