

#### Fund Profile

ACTIAM Duurzaam Mixfonds Offensief primarily invests in listed global equities and listed European real estate companies, as well as bonds denominated in euros. In addition, the fund may invest to a limited extent in short-term bonds and other investment categories, including "high yield" bonds and "emerging market debt". The investment policy takes account of the sustainability aspects of the investments and responds to market developments and economic prospects. Depending on the outcome, a choice is made for appropriate allocations over bonds, equities and cash related instruments. This diversifies the risks, and means that the fund can benefit from economic developments around the world. The fund's objective is to achieve a return at least equal to that of the composite benchmark.
