

Fund Profile

Zwitserleven Wereld Aandelenfonds investes on the one hand in passively managed investment companies that themselves invest in equities in the regions Europe (30%), North America (28%), Pacific (10%) and Emerging Markets (12%) and on the other it investes in actively managed listed equities (20%), by selecting companies that actively contribute to the Sustainable Development Goals ("SDGs") such as adopted by the United Nations (UN). The allocation across the investment entities can deviate up to 5% from the default allocation. The investment objective is to achieve a return that over a continuous assessment period of three years is at least equal to the return of the composite benchmark.
