

#### Fund Profile

ACTIAM Impact Financial Inclusion Fund invests, through ACTIAM Financial Inclusion Fund, mainly in private loans to financial institutions in emerging and developing countries. These financial institutions give local micro-entrepreneurs, smaller SMEs and households access to financial products, such as loans and savings accounts. The fund may also invest in short-term euro-denominated government bonds, money market funds, and hold cash in bank accounts. The fund aims for an annual net return of at least 3%, whereby the fund also explicitly tries to realise measurable positive societal impact. The fund has an above-average liquidity risk because it invests (indirectly) in private, illiquid loans to financial inclusion institutions. As a result, the fund can be temporarily closed for entry and/or exit.

#### Key Information

Investment institution	ACTIAM Impact Financial Inclusion Fund
