

Fund Profile

Zwitserleven Europees Aandelenfonds investes in companies in EU Member states, United Kingdom, Switzerland and Norway. The fund's financial return objective is to at least match the return of the benchmark while remaining within an established risk framework. To deliver on this objective, the asset manager deploys an active investment strategy, capitalising on anticipated market trends. At the same time, the fund promotes, among other, environmental or social characteristics. Investments are restricted to shares that meet the ESG criteria, as established by Cardano. An ESG score is assigned to all companies in the investment universe. The ESG score of the portfolio is always higher than the ESG score of the benchmark.
