

#### Fund Profile

ACTIAM Impact Euro Credit Fund invests in sustainable corporate bonds of mainly investment grade quality and pursues an active investment policy. It may also partially invest in bonds of government-related institutions (sub-sovereigns), agencies or supranational institutions. The benchmark is the iBoxx EUR Green, Social & Sustainability Bonds Corporates (TR) index. The average rating of the portfolio must be at least 'BBB-'. All sustainable bonds generate a 'positive societal impact' according to Cardano policies and are categorized as 'green', 'social', 'sustainable' or 'sustainability linked bonds'. The investments are only intended to finance activities and projects that make a direct contribution to a cleaner environment or better social conditions. In this context, the Fund has sustainable objectives, within the meaning of Article 9 of the SFDR.

#### ESG characteristics

Companies and institutions are assessed on social-ethical principles in the areas of people, the environment and society. Failure to comply with the minimum sustainability criteria by the companies and institutions can lead to exclusion, whereby companies and institutions are also assessed on the potential and intention to adapt.

The legend indicates the percentage of the fund's investments which meets the minimum sustainability principles as applied by the management company.
