

#### Fund Profile

ACTIAM Duurzaam Index Vastgoedfonds Europa invests in a portfolio of listed European real estate companies. The fund employs a passive investment strategy and attempts to replicate the index as close as possible. The index is compiled of shares qualified as sustainable real estate companies, using sustainability information that specifically relates to real estate companies. The companies are assessed, among other things, to what extent they contribute to the Sustainable Development Goals (SDGs) as adopted by the United Nations. The financial return objective is to achieve a return that equals the return of the index. The fund also promotes environmental and social characteristics, within the meaning of Article 8 of the SFDR, and aims to contribute to long-term sustainability objectives in the field of the environment and social development and good entrepreneurship. Securities lending is not permitted and currency risk will not be hedged.

#### ESG characteristics

Companies and institutions are assessed on social-ethical principles in the areas of people, the environment and society. Failure to comply with the minimum sustainability criteria by the companies and institutions can lead to exclusion, whereby companies and institutions are also assessed on the potential and intention to adapt.

The legend indicates the percentage of the fund's investments which meets the minimum sustainability principles as applied by the management company.
