

Key Investor Information Document (KIID)

This document provides you with key investor information about this fund. It is not marketing material. The information provided is required by law and is intended to help you understand the nature and risks of investing in this fund. We recommend that you read this information so that you can make an informed decision about whether to invest.

ACTIAM Duurzaam Mixfonds Offensief

(ISIN-code NL0010579173)

This fund is managed by ACTIAM N.V., a subsidiary of VIVAT N.V.

Objective and investment policy

Objective

The investment objective is to achieve a return at least equal to the composite benchmark and at the same time to realise an ESG score for the fund that is as high as possible. The benchmark consists of: 25% of the composite benchmark of Euro Obligatiepool, 65% of the composite benchmark of Global Equity Mixpool and 10% GPR Sustainable Real Estate Index Europe.

Investment policy

- The fund invests in euro denominated bonds, listed global equities and listed European real estate companies.
- Currency risks arising from the investments will be not hedged to euro.
- Companies, governments and institutions in the fund are assessed on their environmental, social and governance performance (ESG criteria). A negative assessment may lead to the exclusion of companies or debtors. In case of doubt, engagement can be initiated to encourage improvement. ESG scores will be assigned to all bonds and, in any event, to all European, Asian and North American equities in which the fund may invest.

The fund aims for an optimal allocation of the various investment categories. On the basis of expected market developments, the fund can deviate from the neutral weightings. The table shows the permitted deviations.

	Minimum	Neutral	Maximum
Equities	55%	65%	75%
Real estate	0%	10%	20%
Bonds	15%	25%	35%
Bonds (short duration)	0%	0%	10%
Other	0%	0%	20%

Entry and exit

You can buy or sell shares in this fund on any trading day via Euronext Amsterdam.

Dividend

The fund pays out a cash dividend at least once a year.

Risk and return profile

The indicator is a measure of the volatility of the price and the return potential. ACTIAM Duurzaam Mixfonds Offensief invests in different asset classes with an emphasis on equity, which is why the fund's volatility is fairly high.

Historical figures used to calculate the synthetic indicator are not necessarily a reliable reflection of the future risk profile. There is no guarantee that the risk and return category shown will remain unchanged. The category may change. The lowest category does not mean that the investment is without risk.

The following risks are essential to this fund:

- Equity risk: The risk of loss in value due to negative movements in share prices.
- Interest rate risk: interest rates may rise due to economic developments or market movements. This means a decline in bond prices.
- Currency risk: Risk of depreciation in currencies other than euro.

For a complete overview of the risks inherent in this fund, please refer to the supplement to this fund and the section on risk factors in the prospectus.
